1 Introduction

1.1 The brief

This is the final version of Deliverable 5.4 of Work Package 5 of POERUP. The Deliverable Title from the proposal is:

Project Presentations

The Work Package title is:

Dissemination

The brief from the work plan states:

All partners are required to visit (face to face) at least one international conference and one national external conference to present the outputs of the POERUP project during the project lifetime, with a focus on the second year of the project. The EDEN annual Conference will be visited each year of course, but so will other international conferences like Online Educa Berlin, ICDE (2013 – if in Europe), EARLI, Ed-Media (when in Europe) and national conferences especially in key partner countries, such as ALT-C in the UK.

The Deliverable will include an archive of all presentations given.
